

**GREEN CHEMISTRY POSTGRADUATE SUMMER SCHOOL**  
**4-10 July 2021**  
**Venezia, Italy**  
[www.greenchemistry.school](http://www.greenchemistry.school)

Dear Professors and Students,

**RE: Green Chemistry Summer School, Venice, 4<sup>th</sup> to 10<sup>th</sup> of July 2021 – New application deadline is June 15<sup>th</sup>.**

Forgive our insistence, but we have some updates regarding the Postgraduate Green Chemistry Summer School 2021 that could be interesting for students. Therefore, we would kindly ask you again to share this letter with your networks, colleagues and students.

The situation in Venice is rapidly improving and getting better each day, and Italy is no longer high-risk for Covid-19. Therefore, we can lift the reservation and confirm that the Summer School will be carried out also in person. The Sponsors and the Organizing Committee, in order to encourage students' participation in person, have already provided the following initiatives:

1. **IUPAC will fund 4 students to attend the Summer School in person.** Please find here the approved project: [approved project: https://iupac.org/project/2021-014-1-041](https://iupac.org/project/2021-014-1-041)
2. **PhosAgro is kindly providing 4 grants of 500 € each for the best 4 posters presented in presence in Venice.** This special grant will be awarded to the best posters which will be selected by an international Scientific Jury during the Summer School. The awards will be assigned to 2 women and 2 men, regardless of the country of origin. In-person participants will present their posters on Monday 5<sup>th</sup> and on Tuesday 6<sup>th</sup>, and the winners will be announced on Wednesday 7<sup>th</sup>. The awards will be given to the winners during the Closing Ceremony, on Friday 9<sup>th</sup>.
3. **OPCW is expected to provide other grants for students.**
4. **The United Nations Environment Programme (UNEP)**, in collaboration with the Summer School Organizers, will send to all the participants (online and onsite) a **Survey on Green and Sustainable Chemistry** a few days before the beginning of the Summer School. Participants will be requested to answer the Survey by the first day (Monday July 5<sup>th</sup>, 2021), so that the data may be collected and analyzed to be discussed with students before the end of the Summer School.

Further details can be found on [the Summer School website](http://the Summer School website).

The **Camplus Santa Marta** (<https://www.camplusapartments.it/en/residences/venezia/camplus-santa-marta>) hosts the conference venue and offers rooms of different size for all participants' stay. This new facility includes single and double rooms, a conference room, breakfast and lunch area, internet facilities and a gym. Each room includes private bathroom, a kitchenette, a fridge, and a microwave.

Lecturers' rooms are larger to accommodate more than one person/ an accompanying person.

## GREEN CHEMISTRY POSTGRADUATE SUMMER SCHOOL

4-10 July 2021

Venezia, Italy

[www.greenchemistry.school](http://www.greenchemistry.school)

The Giudecca Canal is just in front of the residence, which is also centrally located to visit Venice in your free time.

Considering that, **the applications deadline will be extended to 15 June 2021**. Interested students can apply till 15<sup>th</sup> of June 2021 at the following website link: <https://www.greenchemistry.school/apply/>

After this date students should pay the surcharge.

The Programme of the Summer School and further indications about the venue will be available on the Summer School website.

If you have any doubt regarding your accommodation, the Green Sciences for Sustainable Development Foundation is available to give you any information: [secretariat@gssd-foundation.org](mailto:secretariat@gssd-foundation.org)

You can find the last updates about travelling to Italy in the [Ministry of Health website](#) or in the [National Agency for Tourism website](#).

Once again, thank you very much for your continuous support our Summer School.

Kind regards,  
The Organizers
